SUMMARY:

Final-year BCA student skilled in Full Stack Web Development (MERN, Django) and Data Science (Python, NumPy, Pandas, SQL, Redis, etc.). Strong in JavaScript, Python, OOP, Data Structures, and full-stack development.

SKILLS:

- **Programming Languages:** JavaScript, Python, C++
- **Frontend:** HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, React JS
- **Backend:** Django, Node.js, Express.js
- **Database:** MySQL, MongoDB, Redis
- **Data Analysis:** NumPy, Pandas, Matplotlib, Models (Django)
- **Tools & Technologies:** Git, GitHub, Docker, CI/CD, VS Code, Postman, Cloudinary, MongoDB Atlas
- **Concepts:** Authentication (JWT), Docker, REST APIs, CI/CD, CRUD operations, OOP and Data Structure
- **Professional Skills:** Problem solving & Effective team collaboration

PROJECTS:

1) Service Booking Website (Full Stack with Django)

- Built a full featured website or platform with user authentication and email verification.
- Responsive web design using HTML5 and Tailwind CSS.
- Developed dynamic user dashboard and account management.
- Allow users to review, cancel and reschedule booked service.

Live Demo: <https://cleanza-cleaning-service.onrender.com/>

2) Personal Portfolio Website (MERN Stack)

Tech Stack: React.js, Node.js, Express.js, MongoDB Atlas, Tailwind CSS, Cloudinary, TinyMCE, Render, Vercel

- Developed a responsive full-stack portfolio and blogging platform using the MERN stack.
- Built REST APIs with Express.js and MongoDB Atlas for managing blogs, users, and contact messages.
- Integrated Cloudinary for image storage and TinyMCE for rich-text blog editing with full CRUD functionality.
- Deployed the frontend on Vercel and backend on Render with a custom domain configured through Hostinger.

Live Demo: <https://www.rajcraft.online>

3) Task Management System (JavaScript & LocalStorage)

- Create task management system with role-based access (admin/user).
- LocalStorage used for persistent client-side data storage.
- Used React JS for Single Page Application (SPA).

4) Crane Service Website (Frontend)

- Designed and developed a responsive Crane service website using HTML5, CSS3 and JavaScript.
- Improved application navigation and user interface.

EDUCATION:

Bachelor of Computer Applications (BCA)

Online Manipal University, Manipal University Jaipur (MUJ)

2023 – 2026 (Final Year) | 5th Sem SGPA: 8.77
